TEAM
antariksh

Benefits for Sponsors

Team Antariksh is a student space technology team, presently working on designing and construction of a sounding rocket to participate in the Spaceport America Cup- 2022. Team Antariksh is one of the four teams from India selected for the prestigious competition held in New Mexico, USA. The budget for the entire project is **Rs. 9,50,000** and the students require funds to realize their project. The sponsors of the Team Antariksh are entitled to enjoy the following benefits:

Tax Benefits-
- Sponsorship made to the team is eligible for tax benefits even if it is done through the CSR (Corporate Social Responsibility) funds of the company.
- Any contribution made to the Team is eligible for exemption under **section 80G** of the Income Tax Act. The RSST is registered with the Income Tax department for the same and will be eligible for up to 100% tax deductions under the aforementioned section.

Apart from this, the following are the benefits that will be offered by the team. (The following benefits are cumulative)
- **Up to 1 Lakh**- (Silver)
  - Publicity through logo and banners. Promotion during outreach events.
  - Acknowledgements and mentions in various international and national research papers.
  - Company logo on all rockets flown by the team.
- **Above 1 Lakh**- (Gold)
  - Conducting placement and internship drive in RVCE.
  - Hire campus ambassadors for promotion.
  - Conducting workshops in association with Team Antariksh.
  - Company logo on the official merchandise of the team.
- **Above 3 Lakh**- (Platinum)
  - Availability of team members for giving presentation during outreach program of the company.
  - A prominent team logo on all rockets flown by the team.
  - Setting up of industry-based Innovation Labs in association with department of Aerospace Engineering.

Regards.
